

Your Digital Journey Starts with ELO

## Digitalize K-12 Administration with the ELO ECM Suite

Digitalization is no longer a nice-to-have for K-12 administrations. School districts implementing new and future-proof technologies are making digital transformations a priority. Increasingly, administrators are looking to ELO Digital Office to fast-track and streamline their digitalization journeys with the **ELO ECM Suite**. Built for the enterprise, the **ELO ECM Suite** is an all-in-one content management platform – accessible anywhere, at any time, from any device.

**ELO** enables you to communicate and collaborate more efficiently with all your K-12 stakeholders – from teachers to vendors to parents and board members. Easy-to-use, the **ELO ECM Suite** can be tailored to your specific administrative needs – so you can capture and track the data you need for reporting and analytics at your fingertips.

*"Report generation used to take hours – with ELO those reports are now created accurately in seconds. ELO is a real game changer."*

# The world of digitalization

Embrace digitalization and transform the way you manage K-12 administration with the **ELO ECM Suite**. You can extend the software any time with numerous apps, modules, and interfaces that integrate seamlessly with your systems. But that's not all. With preconfigured solutions, you can digitalize departments easily such as accounts payable, contracts, human resources, and staffing – all integrated on a single platform.

## Centralize Records Management

Secure retention and management of all administrative records.

## Find information with a single click

Powerful search capabilities that save you time, resources, and money.

## Collaborate without boundaries

Wherever your colleagues may be working, the **ELO ECM Suite** provides easy-to-use collaboration tools.

## Drive efficiency with workflows

Automate repetitive tasks, facilitate work steps, and improve efficiency.

## Keep your data secure

Your school records are maintained with the highest security standards – the **ELO** software is compliant with ISO standards.

## Manage e-mail intelligently

File your e-mails fully automatically and based on transactions, preventing any information from being lost.

## Integrate with existing systems

Easily bring together data from multiple sources into one place for intelligent document management.

## Gain new insight

Create custom dashboards for invoices, contracts, personnel files, and more with one-click data analysis.
